

Preparing for your MRI Prostate Exam w & w/o contrast

- ✓ Nothing to eat after midnight the night before
- ✓ You may take any medications in the morning with a little bit of water
- ✓ If you are having Cyberknife treatment, you will be required to do an enema prior to arriving for your scan
- ✓ If you are anxious and/or claustrophobic, please make arrangements with your doctor for medication, and arrange for a family member or friend to drive you home after the exam
